(Meridian)

Oil Springs

(Field)

Utah

(County or Subdivision)

Utah

(State or Territory)

The elevation of the derrick floor above sea level is 6195 ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

It is proposed to drill a production test hole with rotary tools at above location to approximate depth of 6000 feet or the Mesaverde formation or production should it be encountered at a lesser depth.

About 200 feet of 10-3/4" OD surface pipe will be cemented to top, allowing 48 hours to set. If results warrant completion as a producer, 5-1/6" OD J-55 casing will be run in the hole and cemented.

COPIES OF THIS PLAN MUST BE SUBMITTED TO THE GEOLOGICAL SURVEY

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Gentlemen:

It has come to the attention of this office that you are drilling a well in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 14, Township 12 South, Range 24 East, CLEH, Uintah.

Under the General Rules and Regulations adopted by the Utah Oil and Gas Conservation Commission any individual or corporation intending to drill for oil and/or gas in the State of Utah must file a notice of intention to drill with this office and have the same approved by the Commission before commencement of drilling operations except for those cases which fall under Rule A-3 of these rules and regulations.

It would appear from the fact that this well is located in the Oil Springs Unit that you intended the above mentioned exception to apply.

If this assumption is correct will you please notify this office to that effect and send us a copy of all the reports heretofore and hereafter filed with the U.S. Geological Survey.

Mr C. T. Clark, Jr of Continental Oil Company was contacted relative to this matter and he has agreed to furnish the required copy of the unit agreement.

We are enclosing herewith a copy of our rules and regulations for your information.

Yours very truly,

OIL & GAS CONSERVATION COMMISSION

Gentlemen:

Your attention is directed to our letter of May 4, 1956, concerning the well which you were drilling in the NW $\frac{1}{4}$ of Section 14, Township 12 South, Range 24 East, SEEM, Uintah County.

We have received a copy of the Oil Springs Unit Agreement from Mr. C. T. Clark, Jr. of Continental Oil Company. However, copies of the reports filed with the United States Geological Survey concerning this well have not been forwarded to this office as requested.

It has come to our attention that you intend to drill another well within this unit.

If you desire to take advantage of Rule A-3, General Rules and Regulations and Rules of Practice and Procedure, State of Utah, it will be necessary for you to comply with all of the conditions therein.

You are therefore requested to forward to this office the notices of Intention to Drill concerning these wells and all other forms that have been filed with the United States Geological Survey.

Yours truly,

Re: REQUEST FOR "REPORT OF
OPERATIONS & WELL STATUS REPORT"

Dear Sir:

Your attention is directed to Rule C-22, General Rules and Regulations and Rules of Practice and Procedure, which was adopted by the Commission on July 9, 1957.

Said rule provides for the submitting of a report of operations and well status report to the Oil and Gas Conservation Commission.

Your compliance with said rule is hereby requested.

We are enclosing some copies of Form OGCC-4, "Report of Operations and Well Status Report", for completion and return. For your convenience, Rule C-22, has been printed on the back of said form.

Federal Form 9-329, Lessee's Monthly Report of Operations may be used in lieu of Form OGCC-4.

Please note that if two legible copies, carbon or otherwise, of the report filed monthly with the United States Geological Survey on Form 9-329, are also filed each month with this Commission, it will be deemed compliance with Rule C-22, Paragraphs 1, 2, 3, and 4.

Re: Well No. Oil Springs Unit 1,
Sec. 14, T. 12 S, R. 24 E,
SEEM, Uintah County, Utah

Gentlemen:

Attached is a request for a Report of Operations and Well Status Report which was mailed to your office on October 15, 1957.

You have repeatedly ignored all requests by this Commission for reports concerning the above mentioned well. In fact, it was only through the courtesy of the Continental Oil Company that we were able to obtain a copy of the notice of intention to drill.

Please be advised that this Commission will not approve any future drilling operations by your company until the enclosed forms, OGGG-3, Log of Oil or Gas Well, and OGGG-4, Report of Operations and Well Status Report, are furnished, as requested.

Should you continue to ignore our request until such time as you contemplate drilling another well, in the state of Utah, you will be required to furnish this Commission with a \$5,000.00 Drilling and Plugging Bond, in addition to the bond furnished to the U. S. Geological Survey.

We suggest that December 20, 1957, is a reasonable time in which to comply.

Yours very truly,

Carol,

Plz. inspect this well for verification of records. If you've already done so, I apologize, but we can't find a report. I'd appreciate it if you could respond to this fairly quickly, Well Records is chomping at the bit for this one, I've had it on my desk for a while.

Thx.

JRB

JOHN,

I'VE LOOKED IN THE OLD UNIT FILES
WITHOUT FINDING ANY PERTINENT
INFO. WE HAVEN'T FINISHED
PROCESSING THE OLD INSPECTORS
REPORTS, SO DON'T KNOW IF THERE
IS A REPORT FOR THIS WELL.

PLEASE SEE IF THE INSPECTOR FOR
THIS WELL LOCATION MIGHT BE
ABLE TO HELP US DETERMINE
IF THE WELL IS P & A. WE'D LIKE
TO GET IT OFF THE ACTIVE SIDE
IF APPROPRIATE.

TNX,

Norm
